when:

Dr. Mary Kleinsorge will present an inspired program of classical guitar and Spanish love songs at the _____, on _____ from _____ to _____. If you think you've heard classical guitar before, think again. She will make you smile with her original guitar and then surprise you as pieces from Bach and Sor combine with the bell-tones of her crystal vocals.

University of Wisconsin Professor of Classical Guitar Javier Calderón, Bolivian guitarist who studied under Segovia for many years in Spain, has this to say about Mary's music,

"Since I first heard Mary sing and play I have been fascinated by her music..."

Mary Kleinsorge combines the long tradition of classical guitar playing in the school of Andrés Segovia together with a stylistic folk and a neo-romantic element that sounds very delightful."
